

# The Art of City Making

## Contents

*List of boxes and photographs xi*

*Acronyms and Abbreviations xiii*

*Acknowledgements xv*

### **Chapter One: Overture 1**

City-making and responsibility 6

Art and Science 8

Push and pull 9

Unresolved and unclear 12

Secular humanism 13

Shifting the zeitgeist 14

Cityness is Everywhere 19

A view from above 26

An imaginary journey 27

Sameness and difference 29

### **Chapter Two: The Sensory Landscape of Cities 39**

#### **Sensescapes 45**

The car and the senses 46

Transporting into a past sensescap 48

Linguistic shortcomings 50

Soundscape 51

Smellscape 61

The look of the city 68

### **Chapter Three: Unhinged and Unbalanced 77**

#### **The City as a Guzzling Beast 77**

The logistics of a cup of tea 78

Washing and toilet flushing 79

Food and eating 80

Rubbish 81

Transport 83

Materials: Cement, asphalt and steel 86

The ecological footprint 88

Urban Logistics 88

Has decivilization started? 91

#### **The Geography of Misery 93**

Organized crime and the rule of fear 95

People-trafficking and the sex trade 98

The human cost of change 99

Grinding poverty and stolen childhood 101

Filth 102  
Prisons and borders 102  
Tourism and its discontents 104  
Cultural prosperity amongst poverty 105  
Learning from Katha 107

### **The Geography of Desire 109**

Ordinary desire 111  
Pumping up desire 113  
Mentally moving on before we have even arrived 115  
Speed and slowness 116  
Trendspotting or trainspotting? 118  
The shopping repertoire 120  
Making more of the night 124

### **The Geography of Blandness 125**

The march of the mall 126  
The death of diversity and ordinary distinctiveness 131  
The curse of convenience 135  
Shedland 140

## **Chapter Four: From Repertoires to Resistance 143**

### **Urban Repertoires 143**

From Prado to Prada 143  
Urban iconics 146  
The crisis of meaning and experience 151  
Capturing the final frontier: Ad-creep and beyond 153  
Gratification over fulfillment 154

### **Urban Rituals 155**

Making the most of resources 155  
Meaningful experiences 159  
Urban Resonance 165

### **The city as a fashion item 165**

The drawing power and resonance of cities 169  
Forms of drawing power 171  
Cities on the radar screen 173

### **Borrowing the Landscape 176**

Urban Resistances 182  
The limits to tourism 184  
A Coda: Urban Resistances 186

## **Chapter Five: The Complicated and Complex 189**

## **The Forces of Change: Unscrambling Complexity 189**

A conceptual framework 192

Faultlines 193

Battlegrounds 196

The overarching paradox: Risk and creativity 199

Paradoxes 206

Drivers of change 208

## **Aligning Professional Mindsets 211**

Setting the scene 212

Whole connections and specialist parts 213

Stereotyping and beyond 217

Stereotypes: The professions in their own words 217

Conclusion 229

## **Opening Mindsets and the Professions 230**

Professions have a *Gestalt* 230

Mindflow and mindset 232

The blight of reductionism 233

Professions and identity 235

Performance culture and rules... 236

...and the interesting beyond 237

Stretching the boundaries 238

Urbanism, place-making and sustainable communities 239

Insights and crossovers 241

## **Blindspots in City-making 243**

Emotions 243

Emotions and leadership 245

Environmental psychology 246

Cultural literacy 248

Thinking like an artist 252

And finally social dynamics 256

Towards a common agenda 256

The new generalist 258

Diversity thinking 259

## **Chapter Six: The City as a Living Work of Art 277**

Re-enchanting the city 278

Re-establishing your playing field 278

Reassessing creativity 280

Revaluing hidden assets: A creativity and obstacle audit 282

Reassigning the value of unconnected resources 285

Recycling and greening 287

Recapturing centrality 288

Revisualizing soft and hard infrastructures 291  
Redefining competitiveness 295  
Rethinking calculations of worth: The asphalt currency 297  
Rebalancing the scorecard: The complexities of capital 298  
Regaining confidence and a sense of self 300  
Renewing leadership capacity 301  
Finding a different name for risk management policy 303  
Reconceiving the city 303  
Reimagining planning 306  
Remapping the city 308  
Redelineating urban roles 309  
Reasserting principles of development 312  
Uncomfortable partners: New Urbanism and Le Corbusier 313  
Encouraging common good behaviour 316  
Reconsidering the learning city 318  
Reigniting the passion for learning 321  
Revaluating and reinvesting in people and home-grown talent 323  
Repairing health through the built environment 326  
Realigning rules to work for vision 328  
Reversing decline 330  
Remeasuring assets 331  
Re-presenting and repositioning 333  
Retelling the story 337  
Knitting the threads together 339  
A final coda: Reconsidering jargon 342

## **Chapter Seven: Creative Cities for the World 345**

The creative ecosystem 345  
Civic creativity 348  
Is Dubai creative? 351  
Is Singapore creative? 360  
Creativity as a matter of survival: Are Barcelona and Bilbao creative? 371  
Urban acupuncture and Curitiba's creativity 386  
...and there are many more 391

## **Creativity and the City: Thinking through the Steps 395**

Creative ecology 395  
The creative rash 396  
An idea or a movement 397  
Creativity: Some components 400  
Creativity defined 417  
Where are the creative places? 418

Where next? 426

Fine judgement and the formula 431

Urgency and creativity 432

Ten ideas to start the creative city process 434

**Endpiece 437**

'Why I think what I think'
